

253rd American Chemical Society National Meeting • San Francisco, California

Rising Star Award Symposium

Monday, April 3, 2017 • 1:30 pm–3:50 pm
Monterey II, Hotel Nikko San Francisco

Co-sponsored by BIOL, ENFL, and PROF
Maureen Kane, *Organizer, Presider*

1:30 pm **Introductory remarks**

1:35 pm **Novel liquid-like nano-scale hybrid materials with tunable chemical and structural properties for combined CO₂ capture and conversion**

Ah-Hyung Alissa Park

1:55 pm **Catalyzing innovation – the diverse elements of my career**

Beata A. Kilos

2:15 pm **Inspiration from nature: Mentors and molecules**

Erin E. Carlson

2:35 pm **Intermission**

2:40 pm **From a farm kid to a scientist and the analyses along the way**

Erin S. Baker

3:00 pm **Stay on target: Isozyme-specific first responders in precision electrophile signaling**

Yimon Aye

3:20 PM **Biological chemistry of f-elements: From decontamination to targeted radiotherapy**

Rebecca J. Abergel

3:40 PM **Concluding Remarks**

WCC Chair:

Laura S. Sremaniak, *North Carolina State University*

WCC Program Chairs:

Kim Woznack, *California University of Pennsylvania*
Renée Cole, *University of Iowa*
